

A perspective view of a circular device, possibly a watch movement or a similar mechanical component. The device has a central circular body with several internal parts visible. Labels include: 1 (top edge), 2 (central pivot area), 3 (bottom edge), 4 (two curved arms extending from the sides), 5 (a small component near the center), 6 (a long thin rod extending from the top left), 7 (a small component near the center), 8 (a small component near the center), 9 (a small component near the center), 10 (two points on the bottom edge), 11 (a spring mechanism at the bottom right), 12 (a spring mechanism at the top left), 13 (a vertical rod passing through the center), and 14 (a curved arm extending from the right side). There are also labels like 11' and 18 indicating specific features.
